

OUR PARISH MAGAZINE
ENDEAVOUR

Celebrated 40 Years in October 2005.

The present Editor – Colin Hinton, started the magazine in October 1965, when Fr. Keldany was the parish priest.

It aims to give all organizations and event organisers an opportunity to tell parishioners of their activities and to encourage them to join in the varied activities that take place.

The editor is always looking for articles from parishioners who can tell us of their interests and submit other items such as poems and reports on places they have visited etc.

The magazine also aims to tell readers of events that have taken place in other churches in the area.

In 1972 Endeavour Parish magazines became available in other parishes as well.
